Obstetric Emergency Readiness Resource Kit

May 2023

Table of Contents

Introduction	1
Resource Kit Information	2
Why a resource kit?	2
Who should use this resource kit?	2
How was this resource kit prepared?	3
Resource Kit Keys	4
Use	4
Equity	4
Pregnancy Screening	4
Reference(s)	5
Readiness	6
Identify a Rapid Response Team for Obstetric Emergencies	6
Ensure Rapid Access to Needed Medications, Resources, and Equipment	7
Establish Policies, Procedures, and Checklists to Respond to Obstetric Emergencies	8
Train Healthcare Professionals and Staff to Recognize and Respond to Obstetric Emergencies	10
Training Programs	10
Drills and Simulation Exercises	11
Plan for Appropriate Patient Transfer to Higher Levels of Care	12
Develop Care Process Models for Appropriate Care of Pregnant and Postpartum People in Non-Obstetric Care Settings	12
Determine Logistics and Establish Processes for Transfer	13
Establish Remote Care Capabilities and Telehealth Consultation Supports	15
Telemedicine	15
Remote Clinical Consultation	16
Develop and Maintain Referral Resources and Care Coordination Pathways	16
Resource(s)	17
References	18
Recognition and Prevention	19
Screen for Current or Recent Pregnancy in All Care Settings	19
Triage and Evaluate for Urgent Signs and Symptoms in Collaboration with Obstetric Care Professionals	19
Screen for Comorbid Conditions and Risk Factors for Maternal Morbidity and Mortality	21
Provide Patient Education on Urgent Signs and Symptoms During Pregnancy and Postpartum and When to Seek Care	21
Resource(s)	22
References	22
Response	23
Routine Birth in Non-Obstetric Settings	23
Perimortem Cesarean Delivery	23
References	23
AIM Patient Safety Bundles	24
Obstetric Hemorrhage	24
Background	24
Definition	25
Critical Signs and Symptoms	25
Response and Clinical Keys	25
Resources and Examples - Obstetric Hemorrhage	28
Reference(s)	28
Severe Hypertension in Pregnancy and Postpartum	29
Background	29
Definition	29
Critical Signs and Symptoms	30

Response and Clinical Keys.....	32
Resources and Examples - Severe Hypertension in Pregnancy and Postpartum.....	33
Reference(s)	34
Perinatal Mental Health Conditions	35
