Implementation Clinical Consultant (Contract)

Statement of Purpose
The Alliance for Innovation on Maternal Health (AIM) Technical Assistance (TA) Center at the American College of Obstetricians and Gynecologists (ACOG) is seeking a Ob-Gyn consulting physician with quality improvement (QI) expertise to support the work of the AIM TA Center.

Background
The AIM TA Center provides comprehensive, high impact technical assistance to the entities implementing the AIM quality improvement initiative in the United States. Assistance provided supports best practices that make birth safer, improve maternal health outcomes, and save lives.

The AIM TA Center is supported by a funding opportunity with the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under opportunity number HRSA-23-084, Alliance for Innovation on Maternal Health (AIM) Technical Assistance Center. This contract is contingent upon funding from HRSA MCHB.

Tasks and Deliverables (Required Services)
The Contractor shall provide the following services for a one year contract, subject to annual renewal, between September 1, 2023, and August 31, 2024, to successfully develop and support the AIM TA Center:

- Assist in alignment of the AIM TA Center projects with national quality improvement efforts in maternal health, such as the Joint Commission, Centers for Medicare & Medicaid Services, the National Network of Perinatal Quality Collaboratives, and the Agency for Healthcare Research and Quality, as well as others as agreed upon.
- Serve as a subject matter expert in TA provision to AIM participating states, jurisdictions, and partners related to AIM Patient Safety Bundle (PSB) implementation.
- Assist identification of metrics to promote and measure QI and AIM PSB implementation for AIM participating states.
- Participate in working groups and resource development team meetings as requested and agreed upon by ACOG/AIM staff.
• Collaborate with ACOG/AIM staff on agenda development and speaker identification for AIM TA Center education events.
• Work in coordination with ACOG/AIM staff to represent the AIM TA Center when opportunities arise. This includes providing updates on the TA Center’s progress and answering questions from stakeholders.
• Provide subject matter expertise on maternal health QI specific program areas such as quality improvement, patient safety, and PSBs as requested to ACOG/AIM staff.
• Attend AIM TA Center events as agreed upon with AIM TA Center staff.

Proposal

To be considered as a possible Contractor for this work, please ensure the submitted proposal includes the following:
