

Planning QI Initiatives with Evaluation in Mind: What Is It You Want to Use Your Data For? Worksheet

Evaluation/Learning Questions (aim for 3-5)

1. .
2. .
3. .
4. .
5. .

Core Components of your Evaluation

Core Component	Status / Link to document / Notes about this component	Questions / Next Steps
Aim		
Content Theory (e.g., Driver Diagram)		
Execution Theory (e.g., logic model)		
Measures (see below, organizing measures worksheet)		
Dissemination Plan		

Organizing Your Measures

What might be important measures (or concepts) -- to use in your work?

Consider the connections with your draft evaluation & learning questions and other core components

Measure Concept	Potential Measure(s): Consider Qualitative & Quantitative	Operational Definition	Type of Measure (check one)		
			Outcome (1-2)	Process (3-5)	Balancing (1-2)
